Figure 3

FIGURE 4

FIGURE 5

A cross-sectional view of a device assembly. A central rectangular component, labeled 71, is positioned between two layers. The layer on the left is labeled 14 and has diagonal hatching. The layer on the right is labeled 16 and has diagonal hatching. A thin layer, labeled 17, is located between the central component 71 and the layer 16. A vertical line, labeled 18, passes through the center of the assembly. A curved arrow, labeled 70, indicates a downward force or movement. The label 71 is also present near the bottom right of the central component. The label 14 is at the top left, 16 is at the top right, 17 is at the top right, and 70 is at the top left.
